# Turbine Deliveries for Kilgallioch Windfarm Extension

Deliveries for our Kilgallioch Windfarm Extension will commence early August, for approximately two months.

Our turbine delivery supplier, Nordex will carry out component deliveries with a police escort following the route highlighted in blue above.

We are working to minimise disruption during this time and will continue to engage with local Community Councils to ensure they remain informed of progress and details of deliveries so that they can share this.

Should you wish to receive further information about the deliveries or have any queries, please get in touch at:

**Thank you for your patience and understanding during this time.**
